

Merryman Theatre provides Central Students Many Special Opportunities in November and December

Central students are enjoying a variety of performances and presentations in the Merryman Theatre. On Veteran's Day, students enjoyed a visit from World War II veteran, Cliff Sovereign, who discussed his experiences during the war as well as the opportunity to participate in the Hero Flight visit to the recently opened World War II Memorial in Washington DC.

On Wednesday of this week, Kearney High School hosted their one-act play festival competition and students had the opportunity to see one of two performances, *Orphan Train* or *The Lion, The Witch, and The Wardrobe*. The performances were high

quality and the kids all came away very excited.

State one-act play festival will also be at the Merryman and our gifted para, Julie Tye is working with former drama coach and current Central first grade teacher, Valerie Scott, to present a theatre workshop to a group of students in our school who have special interests or talents in drama and communication.

Students will enjoy a hands-on tour from the *War Bonds* Theatre Company and an acting workshop prior to the state one-act festival. They will then attend

the state play competition. Two special music performances are on tap for December. The KHS Orchestra will conduct their annual tour of elementary schools and perform at the Merryman at 11:30 am on Wednesday, December 10th. The Minden High School Jazz Band and Amethyst Show Choir will perform for Central students on Wednesday, December 17th at 10:30 am.

Parents are welcome to join their child for any of these special performances.
